

DCMO BOCES: School Completion Strategies
October 3-4, 2005

School completion strategies

Alternative Education (1)

Expand current and implement new alternative education programs to address the social and emotional needs of our disenfranchised students. Develop a plan for each at risk student.

Career and Technical Education (2)

Continue to expand our Career and Technical Education program.

Community Partnerships (3)

Establish community and agency partnerships with Districts.

Early Childhood Education (4)

Implement new and increase participation in current early childhood and early literacy programs.

Early Intervention (5)

Use demographic, attendance and student achievement data to identify and intervene with at risk students pre-K to 12.

Mentoring (6)

Develop a mentoring program that targets at-risk students and their specific needs.

Parent Involvement (7)

Identify and remove barriers to parent involvement.

Positive, Caring Climate (8)

Implement strategies to build a positive, caring school climate where all students and staff feel respected and valued.

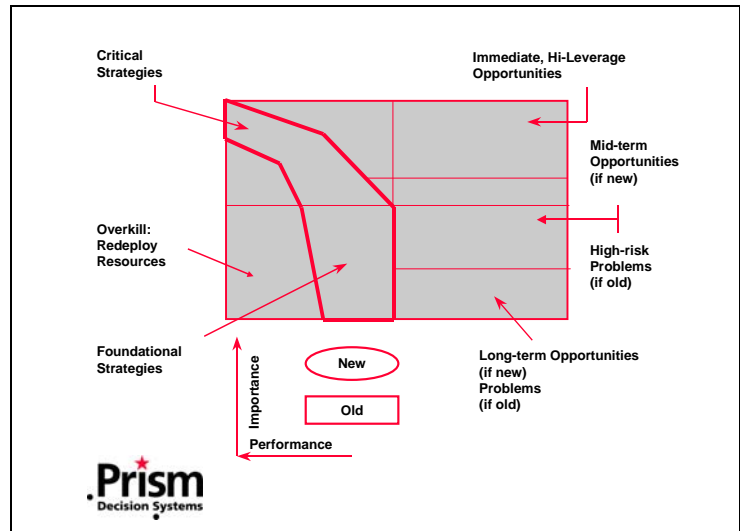

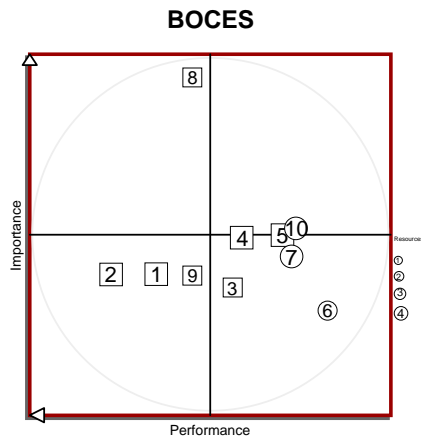

Risky Behaviors (9)

Educate students to the risks and responsibilities associated with (a) drug and alcohol abuse, (b) sexual activity and (c) divulging personal information publicly, such as through the Internet.

Student Engagement (10)

Implement a broad range of activities so that at-risk students can participate fully in the school community.
