

Oneida-Madison BOCES: School Completion Strategies
December 4, 2006

School completion strategies

Alternative education (1): Develop and/or enhance current alternative education programs through our local BOCES for grades 6 - 12 with the goal of having students graduate.

Career and technical education (2): Expand and enhance K-12 career awareness programs and increase the opportunity for students to participate in career and technical education programs.

Culture and community (3): Create environments that foster strong student-teacher-staff-parent relationships, meaningful connections, and mutual respect.

Curriculum (4): Explore creative ways of meeting NYS Standards and graduation requirements for all at-risk students.

Early childhood (5): Develop and/or expand early childhood programs to include (a) early identification and intervention with at-risk students and (b) parent education.

Early identification & intervention (6):

Use appropriate and relevant data to identify at-risk students early and on an ongoing basis. Then intervene directly to address their educational, social and developmental needs.

Literacy (7): Institute a comprehensive, research-based reading and literacy program throughout the pre-K to 12 curriculum.

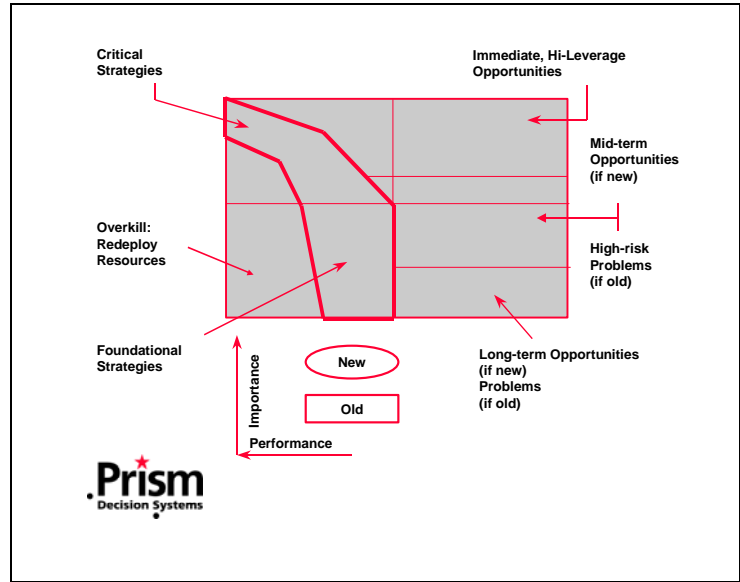

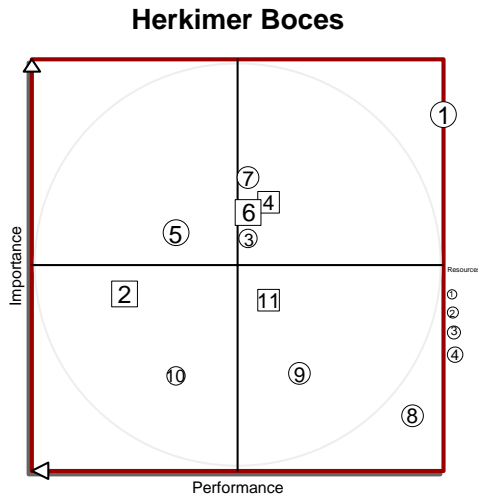

Mentoring (8): Develop and provide training to implement a mentoring program that targets at-risk students and their specific needs.

Parents (9): Create initiatives that will engage families and help them to guide their children's learning from pre-school to graduation.

Partnerships (10): Establish community and agency partnerships with districts to meet the developmental and future career needs of at-risk students.

Professional development (11): Provide specific and ongoing comprehensive professional development to meet the academic and affective needs of at risk students.
