

**Oswego BOCES: School Completion Strategies**  
**April 24, 2006**

**School completion strategies**

**Alternative education (1)**

Expand current and implement new alternative education programs.

**Career and technical education (2)**

Continue to expand our Career and Technical Education programs.

**Caring environment (3)**

Implement strategies to build a positive, caring school climate where all students and staff feel respected, valued and can achieve their full potential.

**Early identification & intervention (4)**

Use appropriate and relevant data to identify at-risk students early and on an ongoing basis. Then intervene to meet their educational, social and developmental needs.

**Mentoring (5)**

Initiate a mentoring program for students whereby every identified at-risk student has one adult that takes personal interest in his/her academic and social well being.

**Mobility (6)**

Collaborate regionally to implement strategies to address the needs of transient students in grades K-12.

**Credit acquisition (7)**

Offer at-risk students innovative means of gaining credits toward graduation requirements.

**Student engagement (8)**

Create opportunities both during and after school for at-risk students to participate in a broad range of instructional and extra-curricular activities within the school community.

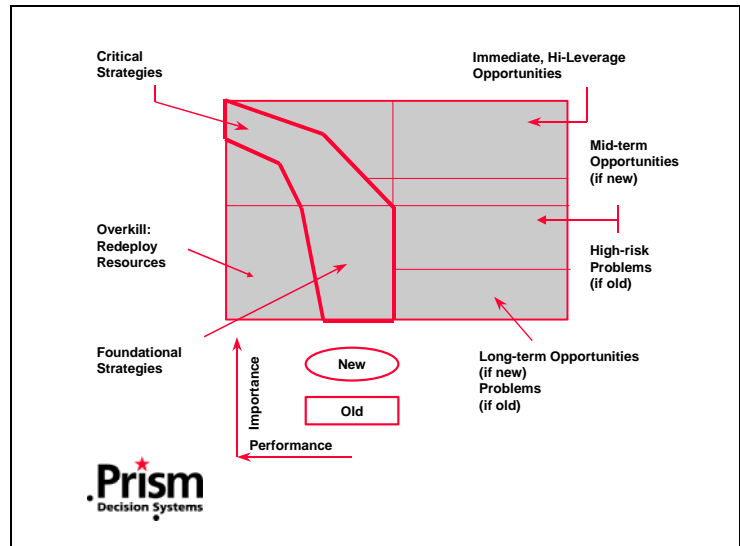

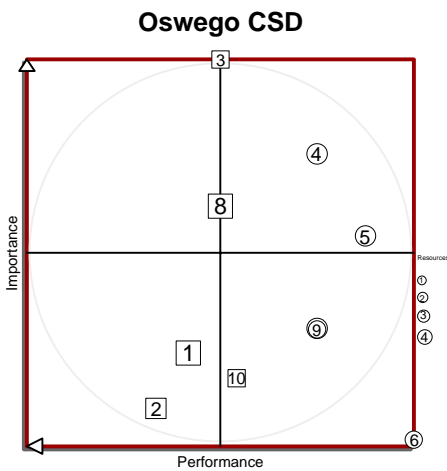

**Student input (9)**

Gather student input regarding dropping out of school.

**Family engagement (10)**

Create initiatives that will engage families to guide their children's learning from pre-school and into post-secondary experiences.
